The VALLALAR was the saint who affirmed openly and clearly in an unmistakable language the deathlessness of his body which he attained by the power of what he called "Arut Perum Jothi, the Vast Grace-Light of the Divine which he identified as the Truth_Light of Knowledge, Satya Jnana Jothi. HE who put before the people DEATHLESSNESS of body as an essential part of the realisation of the One blissful Divine. A saint whose very soul-stuff was made of infinite love and compassion, a sage of Truth - consciousness who possessed the divine knowledge and science of deathlessness of body and attained its deathless transformation along with the self creative power of creating all substances for whatever kind including bodily substances.

Balancing Materialistic & Spiritual Life

Mr. T.T. Rangarajan

The Mission. The Manifestation

Inspired by the Chinese proverb, "Give a man a fish and you feed him for that day. Teach him fishing and you have fed him for a lifetime," Alma Mater was founded by T.T. Rangarajan on February 14, 1995.

In the last thirteen years, Alma Mater has mentored individuals and organizations to higher levels of measurable and sustained results by focusing on holistic growth - the physical, mental, intellectual, emotional and spiritual planes. Today, hundreds of organizations and hundreds of thousands of people would vouch for the turnaround Alma Mater has created in their lives. In instilling the confidence that "Path finders have always been path breakers," we have motivated individuals, corporates and educational institutions to innovate, introduce, implement and integrate competitive and creative strategies to operate from a higher pedestal in all aspects of life.

Being an impassioned propagator of value based living and holistic development, T.T. Rangarajan's vision of lifting humanity to a higher level of spiritual consciousness is carried through by his training programs, residential spiritual retreats and the growth oriented magazine 'Frozen Thoughts', for which he is the editor. In the larger perspective, his vision is also to bring much needed dramatic changes to the prevailing education system and to create a paradigm shift in the attitudes of the teaching faculty, so as to better equip every child with an empowering personality. His ongoing effort in this direction through the 'Subject +' programs has touched innumerable educational institutions, a number that is increasing by the day.

A spiritualist, endowed with a deep connectivity to existence and enormous spiritual strength, he guides people in their quest for self-realization. He has brought meditation to the common man, and in his presence, thousands have experienced the depths of silence. He is highly revered by all those who have heard him or known him for he isn't a mere preacher, but one who first lives by his teaching. He for one believes that the messenger should be the message. His skill in harmonizing the materialistic and spiritual worlds is gracefully reflected in his lifestyle.

Spiritual texts proclaim,

Man must evolve from

'Maximum Effort giving him Minimum Results'

To a person for whom

'Minimum Effort should yield Maximum Results'.

But, how?

THE SCIENCE OF SPIRITUALITY

In the mind of every spiritual seeker, at some point of time, these questions would

have arisen:

Who is God?

What is Religion?

Why Meditation?

What is Spirituality?

Why Spirituality?

Is there a science to all these...

... and most importantly

What is the purpose of my life?

The irony is... there are more than required answers to all these questions... But, can these intellectual realizations be transformed into personal experiences? Is there a way?

Let us enquire, explore and experience along with the 'Voice of Love'.

SWAMI THARMALINGAM

About Swami Tharmalingam,

Swami Tharmalingam was born in Rawang, West Malaysia in the year 1956. He is a renowned and accomplished speaker on Spirituality. Swamiji was introduced to Sithanda at a tender age, there he learnt and absorbed sithanda and started living by sithar principles for decades. In 1986 he founded Agasthiyar Sanmarga Sangam in Batu Caves and through his discourse spread the messages and principles of Sithanda. His discourses are focused on helping people to transcend from Mortal to IMMORTAL life.

Swami moved around the world conducting spiritual discourses and retreats for more than thirty years. There was a SPARK in his life during 2003 when he realized that "PARAPARM is not the end but only a Beginning" in the journey towards SPIRITUALITY. Swami transcended from Sithanda to Arut Perun Jothi Vallalar. Through his continuous effort and research on "Thiru Arutpa" revealed a clear message to mankind on attaining IMMORTALITY, a subject not discussed by sithars in the past. This revolutionized him to surrender the Agasthiyar Sanmarga Gurukulam and venture into teachings of Saint Vallalar and he started "Arutprakasa Vallar Center" in Batu Caves.

Since then his discourses has been on the simplistic principles of Saint Vallalar and merging with Almighty Arut Perunjothi. His simple and eloquent mode of communication and the ease with which he renders preachings of Sutha Sithanda has drawn thousands of people in to the Spiritual world.

He conducts weekly spiritual discourses in Penang, Sg. Petani, Malacca, P. J. Kapar and Batu Caves. His wide knowledge on teachings of Sithar and Vallalar has enabled him to take the best and guide people to transcend from Mortal to Immortal Life. Most of the people who have attended his sessions are attracted to Swami's Discourses, personality, the command and yet simple and the love and affection he shows towards humanity. He has said during his discourse "an unique and unprecedented energy flows through him which spells newer light on him" helping to talk on subjects with ease.

These apart, Swamiji visits India every year without fail to Papanasam and Vadalur during Month of Adi and Poosam to feed the needy of about 25,000 people religiously. He is easily approachable, down to earth, simple and is open to everyone who seeks him. His conviction and motto of life is "To Fortify, Strengthen and Actualize the vision of his master - Saint Vallalar"
